

Photo Meter

CL 115-CL 125-CL 185

Chemiline is an ISO 9001, manufacturer of analytical instrumentation. Our portable range of instruments measure critical parameters such as pH, Conductivity, Dissolved Oxygen, Temperature and TDS. The measurement of these parameters impacts the quality of water, wine, beverages, dairy, agriculture, and a wide range of other applications. Chemiline's mission is to provide an instrument that provides the value and performance our customers require. All Chemiline portable instruments are operated on 9V battery.

CL-115

• Specifications

PH Range	: 0 To 14 PH
Resolution	: 0.01 PH
Repeatability	: ± 0.01 PH ± 1 Digit
Standardization Range	: Min. 2 PH.
Temp Compensation	: 0 - 100°C Manual
Display	: 3½ Digits LCD
Power	: 9v Battery

CL-125

• Specifications

PH Range	: 0 To 14 PH
Resolution	: 0.01 PH
Repeatability	: ± 0.01 PH ± 1 Digit
Standardization Range	: Min. 2 PH.
Temp Compensation	: 0 - 100°C (Auto)
Display	: 3½ Digits LCD
Power	: 9v Battery

CL-185

• Specifications

PH Range	: 0 to 14 .00pH
MV Range	: ± 1999.9 1mv
Temp range	: 0 99.9°C (Auto)
Resolution	: 0.01 pH, in pH 0.1 Mv in Mv 0.1 C IN TEMP.
Standardization Range	: 3 point (7.00 ph, 4.02 ph, 9.20 ph)
Display	: 4.5 DIGIT LCD
Power	: 9V BATTERY
